

100,000 Genomes Project – lead organisation contacts list

April 2017

NHS GENOMIC MEDICINE CENTRES

Thirteen NHS Genomic Medicine Centres (GMCs) have been established by [NHS England](#). The Lead Organisations at these centres will lead the way in delivering the 100,000 Genomes Project.

The NHS GMCs have a track-record of providing excellence in genomic services. Find your local NHS GMC/Lead Organisation below.
